

10 ARRESTS MADE FOLLOWING RIOT IN KLAN PARADE

Steuvenville Is Quiet After
Exciting Night; Leader
Of Klan Shot.

**KNIGHTS ATTACKED;
4 AUTOS WRECKED**
Police Unable To Disperse
Mob Until Arrival Of
Reserves.

Steuvenville, Aug. 15.—Ten arrests have been made by city and county authorities in connection with last night's riot and shooting between a crowd of local men and a delegation of visiting members of the Ku Klux Klan. This city was again in quiet this morning after an exciting night during which D. L. Gibson, Klan leader, was shot in the neck and John D. Sentis and Dominick Spinetti were badly wounded in a sensational revolver battle on Washington st. Four automobiles, wrecked while they were parked near the heart of the city, were in garages this morning.

Four East Liverpool men, W. W. Kelly, John Cole, Charles Marshall and Harold Green, were arrested about daybreak this morning by city police who found them in a machine heavily armed. Charles Thompson and Homer Jodds, of this city, were placed under arrest for carrying concealed weapons. All are held on suspicion.

Dominick Spinetti and John D. Sentis are under guard in a local hospital and Frank Veltz in the county prison all charged with shooting Gibson. Spinetti was shot through the left eye, Gibson claims the men ambushed him near a railroad crossing and opened fire as he passed. He returned the fire and ten shots were exchanged.

Reserves Disperse Crowd
An automobile parade over the downtown section by a number of visiting members of the Ku Klux Klan with decorated automobiles and electric crosses was the signal for the outbreak. Thousands of persons filled the streets when four machines were smashed almost beyond use.

Night police were powerless to quell the disturbance and it was not until police reserves and deputy sheriffs arrived that the crowd was dispersed. No arrests have been made in connection with the demolishing of the Klansmen's machines.

Local Klan leaders stated this morning that they will file charges against 50 or more men who are alleged to have participated in the attack on the visiting Klansmen's machines.

Feeling has been intense here. The Klan's candidate for mayor Albert Smith was defeated after a bitter primary fight, by Mayor Frank Hawkins, against whom the Klan started dismissal proceedings recently. The Klan now threatens to run an independent candidate against Hawkins.

M'CAULEY FINED ON BOOZE CHARGE

Man Shot By Enforcement
Officer At Kelley's
Park Is Fined.

Charles McCauley, arrested July 25, at Kelley's park by East Palestine enforcement officers, entered a plea of guilty in Mayor Ferren's court at East Palestine Wednesday to the charge of possessing and furnishing liquor.

Owing to McCauley's previous good record, Mayor Ferren assessed him the minimum fine \$100 and costs. It will be recalled that McCauley made an attempt to dispose of the liquor he had in his possession when he caught sight of officers. The bottle was thrown into the bushes and McCauley was slightly wounded by Dr. S. E. Conrad when he tried to escape. The case had been delayed until the accused was able to appear in court.

READY FOR PROBE OF GASOLINE WAR

Columbus, Aug. 16.—Requesting that Gov. Donahay furnish him with any facts or information he may have as to the existence of a combination controlling the price of gasoline, Assistant Attorney General Joseph Egleston, acting for Attorney General Cramer, today assured the governor that the attorney general's department will do everything possible in determining the facts concerning any price-fixing combine and endeavor to lower gasoline prices and prevent discrimination.

Aguinaldo Charges Plot To Steal Land

Manila, P. I., Aug. 16.—Gen. Crame and Col. Johnston are today investigating charges made by Aguinaldo, former Philippine leader, that a hostile band led by Sen. Soriano is endeavoring to steal his land by armed force. Aguinaldo appealed to Gov. Wood for protection after he said, repeated claims had been made on his property.

INDEPENDENT GAS COMPANIES SLASH PRICES IN SALEM

Retail Gasoline Price Is Reduced One And One Half Cents Thursday.

**FREEDOM PREDICTS
DROP TO 16 CENTS**

No Decrease Is Announced
By Standard Company
In Salem.

Independent gasoline companies operating in Salem announced a one and one half cent drop in price Thursday, the Standard not reducing its price as yet.

The Vahey Gasoline Co., and the Freedom Oil Works, independents, have announced the temporary price to be 20 1/2 cents retail, and 18 1/2 cents wholesale prices from tank wagons. The retail price of all companies has been 22 cents.

Manager L. Goodballot of the Freedom said Thursday, "I look for 16 cent gasoline soon. The 20 1/2 cent gas will be only temporary with a bigger drop soon."

Ralph Woods, acting manager of the Vahey company, stated that he looks for a drop but has no definite information from the head office in Youngstown.

Manager Paul Mead of the Standard Oil Co. stated that he had no orders from the Ohio company of offices in Cleveland to reduce the price, and that he would not reduce it unless notified. The Standard price remains at 22 cents retail and 20 cents wholesale.

Filling stations reported no great run on their supply, chiefly because not many were yet familiar with the new prices. Reports coming in from cities where the head offices of the independents are located indicate the price will take another slump very soon and may reach the low 16 cent level predicted by the Freedom.

RETURN TO HIGHER GAS PRICES SEEN

Producers Await Action In
S. Dakota Where Price
May Be Boosted.

Chicago, Aug. 16.—The Standard Oil Co. of Indiana, serving 11 middle western states, decided here today not to raise the price of gasoline from 15 1/2 cents a gallon to 20 cents immediately, as had been contemplated.

Instead the directors voted to see what action will be taken by Gov. McMaster of South Dakota, who announced the state price would be increased from 15 to 20 cents on Saturday.

Independent producers in South Dakota protested to Gov. McMaster that the 16 cent rate was ruinous to them.

R. W. Stewart, chairman of the board of the Standard Oil company of Indiana, admitted that the next price change may carry prices well above 20 cents and declared that McMaster's change of front reported the Standard's contention that the action in cutting from 26 to 16 cents was premature and not based on sound production costs.

Motorists in an eleven-hour rush continued to take all cheap gasoline they could handle, a situation which city officials claim has caused a fire menace through the storage of gasoline in every available container.

Philadelphia, Aug. 16.—Ernest A. Knoblauch, partner in the bankrupt brokerage firm of Borden & Knoblauch, was today sentenced to two years in prison after offering no defense to charges of passing a fraudulent check for \$450,000 on the Pennsylvania Company for Insurance On Lives, and given to the New York bond house of Keen, Taylor & Co.

Mile Branch Grange Confers Degrees At Big Perry Meeting

Mile Branch grange degree team in a very able manner conferred the third and fourth degrees on four candidates at a meeting of Perry grange Wednesday evening at the hall, Franklin rd. The work was said to have been exceptionally good. A very pleasing drill was given by the team. About 250 grangers attended this meeting, a large delegation coming from Mile Branch, while other visitors were from Midway and Yellow Creek granges.

20 Teachers Needed For Rural Schools

Assistant County Superintendent J. L. Gray, of Salem, announced Thursday that 20 teachers are needed to fill vacancies in the rural schools for the coming term, which is less than a month away. He also said that the county is in a position to fill these places but that other counties and other schools in the county had applied to the state for teachers and had been refused.

Film Star Victim Of Plot Menace

Mary Miles Minter and her mother
Below: Sigrid Holmquist.

Mary Miles Minter, "Dresden Doll of the Movies," recently leased her Hollywood (Cal.) home to Sigrid Holmquist, actress, known as "the Swedish Mary Pickford," who looks remarkably like Miss Minter, was entertaining friends a revolver shot was fired at her, wounding a male guest.

At another time alleged detectives insisted on searching the house. Later Miss Holmquist was awakened by intruders, with electric flashlights. It is believed Miss Minter is in the shadow of a well-defined plot to kill her, as part of the plot which ended in the murder of William Desmond Taylor.

Miss Minter also broke into the news of the day when she announced she would postpone her suit for \$1,000,000 against her mother until the latter's recovery from a serious operation she recently underwent.

Miss Minter declares her mother obtained that sum from her while she was a minor, acting for a film concern. Dayton, Aug. 16.—The American National bank did not open for business today.

It will remain closed until national bank examiners conclude their investigation of its financial affairs following the alleged defalcation of Fred W. Hecht, second vice president and cashier, who is in the Montgomery county jail on charges of embezzlement unable to furnish \$50,000 bond.

Hecht was arrested late yesterday afternoon following discovery of alleged shortages in his accounts.

The affidavit sworn out by Wm. C. Griswold, national bank examiner, charges a defalcation of \$10,000. Bank officials decline to discuss the matter further than to say the stockholders will lose nothing.

Upon orders from Harry Abrams, first assistant district attorney of Cincinnati, no one is permitted to see Hecht other than his attorney, Wm. G. Pickercel and members of his family.

It was very strongly intimated early today that the speculation may reach \$250,000 if not more.

Hecht has been a resident of Dayton for the last 36 years. Six years ago he left the Market Savings and Trust bank and entered the American National. Soon he was advanced to the second vice presidency and became cashier.

His father has been for many years pastor of the German Lutheran Evangelical church.

W. C. T. U. LEADERS CHOSEN FOR YEAR

Superintendents for the year were announced at a meeting of the W. C. T. U. Wednesday afternoon at the home of Mrs. Laura Garside, Liberty st. They are:

Anti-Narcotics, Mrs. Anna Hess; Americanization, Mrs. Alice Robinson; Christian citizenship and press, Mrs. W. A. Leatherberry; contests, Mrs. Garside, child welfare, Mrs. J. B. Zeigler; flower mission, Mrs. Catherine Finney; medical temperance, Mrs. J. E. Rentz; Sabbath observance, Mrs. John Wagner; temperance and missions, Mrs. Bertha Malmsherry; parliamentary Miss Laura Schilling; peace, Mrs. J. R. Stratton; social morality, Mrs. Myrtle Booth; soldiers and sailors, Mrs. Emma Monroe; musical directors, Mrs. Wagner and Mrs. Flora Baker.

One member was added and Mrs. Laura Garside gave a report of the recent county convention. A reading, "Closed Saloons Nov. 1. Order of New York Police," Mrs. Zeigler.

A meeting in two weeks will be at the home of Mrs. Margaret Fletcher, Newgarden st.

Blockade In Germany Extended By Allies

Brussels, Aug. 16.—The inter-allied high commission today extended indefinitely the blockade between occupied and unoccupied Germany. It was to have been lifted today.

MISS WAY KILLED, FATHER HURT AS TRAIN HITS AUTO

Fatal Accident Occurs As
Party Was Returning To
Ashland Home.

**FORMERLY RESIDED
IN ELLSWORTH AVE.**

Mother And Little Brother
Escape; Father's In-
juries Slight.

Miss Marguerite Way, 34, formerly of Salem, was instantly killed and her father, John Way, was injured when their automobile was struck by a truck as they were returning to their home in Ashland from Columbus Tuesday night. Her stepmother, Mrs. John Way, and little Jack Way, 6, escaped without injuries.

The accident resulted when the party was returning to Ashland from Columbus where they had visited Fred Way, a student of Ohio State University. Details were not given in the message to Salem relatives except the fact that Miss Way had been thrown from her automobile and run over by the truck. The father's injuries are not considered serious.

Miss Way was a former resident of Salem, residing with her parents in Ellsworth ave. For some time she was engaged as a nurse in St. Luke's hospital at Cleveland and lately had been employed by a Cleveland telephone exchange.

Surviving the dead girl are her father and stepmother, Mr. and Mrs. John Way of Ashland, and four brothers, Jack at home; Fred of Columbus; and twin brothers, Wilbur and Clarence of Cleveland. She was a cousin of Mrs. Edward Gilson of Salem and had other relatives in this vicinity and Alliance.

Funeral service will be held Friday at the residence in Ashland where the body will be interred near that of her mother.

City Receives \$3,203 In Distribution Of Auto License Fund

County Auditor Charles Hamilton has received from the state automobile license department a check for the money due the county and the various municipalities within the borders, for auto licenses taken out by owners of cars up to July 30, 1923.

The following is the distribution: Columbiana \$10; East Liverpool \$9; Cuyahoga \$10; East Palestine \$11; Hanover \$23.70; Leetonia \$81; Lisbon \$161; over \$29; Rogers \$450; Salem \$2,303.44; Sallineville \$966; Westerville \$2,500. In addition the distribution of the sum of \$3,762.32. This is one of the largest sums received this year in the regular quarterly settlements.

ENGLISH FRIENDS WORK EXPLAINED

Miss Graham Tells Winona
Gathering What Young
Friends Are Doing.

Christine Graham, a young English friend, gave a most interesting talk at a meeting of the Gleaners Tuesday at the home of Isaac Satterthwaite there.

Miss Graham told of the work being done by young friends there along the lines of home missions and in infant welfare centers and children's camps.

Miss Graham is one of a group of young friends from England spending the summer in Richmond, Ind., where she attended the Young Friends conference. She will attend a similar conference at Westwood and the last of September the visitors will sail for their homeland.

About 40 attended the meeting, some of them from a distance.

Chautauqua Ticket Hunt For All Boys Friday Evening

Prizes Offered Boys Who Find Five Season Tickets To Be
Hidden—Hunt Starts At Columbia School Grounds.

Fred Fuller, chautauqua advance man, announces that at 7:30 p. m. Friday at the Columbia street school grounds he will hold a big, free ticket hunt for all the boys of Salem in conjunction with the local chautauqua committee.

Fuller will hide five season tickets to the chautauqua on the streets of Salem and the boys who find them will be admitted free to every number on the big chautauqua program next week.

The big ticket hunt is to take place in connection with the band concert Friday evening and every boy in Salem under 16 years of age is eligible to enter the competition. A boy who wishes to enter must meet at the Columbia street school grounds promptly at 7:30 p. m. Friday.

Chautauqua caps will be given all boys entering the competition and every boy in the community is urged to enter the treasure hunt. Full explanation of rules governing the contest will be given by Mr. Fuller at the school grounds Friday evening.

Roumanian Leader In Salem Dies While On Visit To Native Land

JOHN COPACIA
Copacia, Roumanian and many other friends here are mourning the death of John Copacia, aged 33, whose death occurred while on a visit to Transylvania.

Copacia sailed from New York on the steamer Majestic June 2 for a visit and business trip. He was accompanied by V. Bolan and Mr. and Mrs. John Popa who are expected home soon. Word was received that he died of poisoning July 17 and was buried July 19. He leaves his widow and seven-year-old son who reside at 101 Depot st.

Born in Transylvania in 1890, Copacia was united in marriage in 1913 with Mary Budai at Salem. He became a naturalized citizen of the United States and a leader of the Roumanians in Salem, having been president of the Roumanian society. He was employed at the Mullins plant and had been active in support of the Red Cross and other civic movements in the city.

CESSNA CAPTURES SALEM'S BARNYARD GOLF TOURNAMENT

Defeats Morris In Exciting
Finish At Reilly Field
Wednesday Evening.

The horseshoe tournament at Reilly field drew a large crowd Wednesday night for the finals. George Morris and James Cessna were the two contestants for honors.

In the preliminary seven games pitched by each man, Morris had lost one game and Cessna none, so that the crowd came to see a real contest and it was a fight to the last shoe pitched.

With a game each in the finals the third and deciding game was neck and neck. Both men were pitching at the top of their game.

With the score 49 to 49 Cessna threw a ringer that landed squarely on the stake and Salem's first barnyard golf tournament came to an end with Cessna the local champion.

Pitching will continue at the field as usual. It is expected that games will be arranged with other local and nearby groups of players.

The Reilly field crowd is anxious to get an evening with the pitchers on Damascus road.

If any group wishes to arrange a game or series of games they are invited to call on Ray P. Carter who will be glad to complete the arrangements.

Baker And Callahan Open Auto Agency

Announcement was made Thursday that L. A. Callahan, Salem man who has just returned from a trip to Alaska, and C. R. Baker of Cleveland, formerly of Salem, have organized the Baker-Callahan Co. and have signed a contract for a Ford agency in Cleveland.

Temporary quarters were opened once and the contract has been let for a large building to be constructed on Buckeye rd., near East 99th st. Mr. Baker, who has been in the automobile business many years will be in charge of the agency.

FORMER SALEMITE LOCKED UP AFTER BANK IS ROBBED

Rev. Smith Is Threatened By
Gunman Who Makes Him
Wait On Customer.

**LOCKED IN SMALL
ROOM, BREAKS OUT**

Cleveland Bandit Finishes
Robbery After Customer
Goes Out.

Rev. C. L. Smith, formerly of Salem and now employed in a bank in Cleveland, is believed by Salem friends to be the banker who was held up at noon Wednesday when the bank was robbed of \$400.

The bank with which Smith was connected was recently merged into the Penn Mutual Savings & Loan Co., the victim of Wednesday's horrid, and Salem friends are sure that the Charles Smith mentioned in the dispatch below is the former Salem minister.

Cleveland, Aug. 16.—Under the unsuspecting eyes of a depositor who thought it was all a part of the regular routine of the bank, the Penn Mutual Savings & Loan Co., 4612 Euclid ave., was robbed of \$400 at noon yesterday by a lone gunman.

After the robbery Charles Smith, cashier, was locked in a wash room. As the gunman fled, Smith smashed a window, jumped out and notified police.

Smith was alone in the bank when the gunman entered. He had just been forced to raise his hands over his head when a depositor, Ladd Gray, 4217 East 119th st., entered.

Keeps Him Covered
"Go on up to the window and take care of that man," Smith was ordered. "But remember, I've got you covered, and if you make one false move I'll let you have it."

Smith went to the barred window. The robber was close at his heels. Smith felt the barrel of a revolver prodding his back.

But all Gray saw was two men in the cashier's cage, one, Smith, looking unusually worried; the other, a stranger who smiled and said nothing.

As Gray left, the gunman continued operations. Thoughtfully, he first scooped up Gray's deposit. Then he forced Smith to unlock the cash drawer, emptied the contents into his pocket, and shoved Smith in the wash room.

"Keep your face shut," whispered the gunman.

A moment later Smith leaped through the broken window but the gunman was nowhere in sight. The loss is covered by insurance, bank officials said.

POMERENE SPEAKER AT COUNTY PICNIC

Former Senator To Speak
At Harvest Home Picnic August 25.

Ex-Senator Allee Pomerene, Canton, will give an address on "The Railroad Situation and Work of the National Transportation Institute" at the annual Harvest Home picnic of Columbiana county Saturday, Aug. 25, at Eagleton glens.

The morning program will open at 10:30 with music by the Leetonia band and after a reading by Mrs. France of Alliance, Atty. Pomerene, will give his address. It will be followed by music and a reading.

W. C. Patterson, Barnesville, is on the afternoon program which begins at 1:30 o'clock, and the subject of his address will be "The Four Spices of the Grange Temple." Music and readings will be given.

There will be horseshoe pitching contests. The participants are asked to bring shoes and pegs.

15-CENT GAS IN THIS OHIO TOWN

Bryan, O., Aug. 16.—Here's cheer for motorists.

Fifteen-cent "gas" is obtainable in Ohio.

All filling stations announced that price here effective today.

Irish Clash Follows Arrest Of De Valera

Dublin, Aug. 16.—One Irish Republican was killed and two Free Staters wounded in a clash at Bantry today.

The Free State government is taking precautions to prevent Republican reprisals for the arrest of Eamon De Valera in County Clare yesterday. It is likely De Valera will be interned until after the election on Aug. 27.

County To Resurface Many Macadam Roads

Next week the county highway department will begin resurfacing of macadam roads under their control in different parts of the county with a mixture of asphalt and fine slag. Warning signs will be placed at each end of strips of road that are treated with this mixture.

SCRUBBING THE TONGUE

There was an item in the paper the

other day which caused considerable

amusement.

It was regarding a boy in New York

state who swallowed a tooth brush. It

seems that after cleaning his teeth

the inner end of the tongue looked as

if it needed a brushing also, and the

boy in attempting to get at it let the

brush slip down into his stomach. It

was removed, but only after consider-

able difficulty.

But the point in the matter was

overlooked by many readers. That is

that there can be an accumulation of

waste matter on the root of the tongue

that is actually poisonous to the sys-

tem.

Many people with a bad odor to the

breath which they blame on their

teeth or stomach are able to remove

the odor entirely by vigorous rubbing

of the root of the tongue with a tooth

brush.

Mouth washes are of course bene-

ficial at all times and particularly

after meals but when the "fur" coat

gets on the root of the tongue only a

vigorous scrubbing or brushing will re-

move it.

Of course it is generally accepted

that the tongue simply reflects the

condition of the stomach and intestine,

and that a coating on the tongue

means sluggishness down below.

But the fact must not be overlooked

that the actual deposit on the tongue

is a menace to your general health.

So when you think of the boy who

swallowed the brush don't forget just

what he was trying to do when it hap-

pened.

Further, if you keep the brush away

from the root of the mouth there will

not be the same tendency to "gar-

and perhaps lose your tooth brush.

The Gasoline War

The gasoline war is raging in a

considerable number of states

temporarily benefits consumers.

The farther it spreads and the more vig-

orously it is waged, the more it will

benefit them, for a time. Sixteen-cent

gasoline means quite an economy in a

very large number of business and do-

mestic budgets.

But, if it is the purpose of the Stand-

ard Oil company to put the independ-

ents out of business and that should

be the result of the contest, it would

mean no economy to consumers in

the long run. Its possible rivals dis-

posed of, the Standard would charge

what it pleased for gasoline and ex-

pect consumers also to pay the cost

of the war. Monopoly of a business

in which competition would be natural

never works to the advantage of con-

sumers, though perhaps it might if

monopolists were content with reason-

able profits. Monopoly of a great

industry makes it possible to produce

at less cost but it also makes it pos-

sible to charge all the traffic will bear

and monopolists take advantage of

both these possibilities.

So the thoughtful public will hope

that the independents will be able

to weather whatever storm may come

and remain in the field and that they

will make such a show of strength

that hereafter real competition in the

oil business will be the rule. There

is no doubt that the prices which con-

sumers have had to pay for gasoline

in recent years have represented more

than a reasonable profit on the cap-

ital invested. This is shown by the

huge stock dividends declared since

the war by most of the leading com-

panies. On these great issues, the

consuming public is expected to provide

the money to pay large cash dividends

each year.

Canfield—Mayor Osborne of this vil-

lage fined Genaro Luger \$500 for pos-

session of liquor and \$800 on a charge

of selling liquor. Not having the

\$1,300, Luger was sent to the county

jail at Youngstown.

20 YEARS AGO

(Issue of Aug. 16, 1903.)

Over 100 guests were present at the

50th wedding anniversary of Mr. and

Mrs. Leonard Schilling Saturday even-

ing at their home, Lincoln ave.

The East Liverpool Athletics de-

feated the home team in a baseball

game Saturday afternoon, winning by

a score of 4 to 1.

Mrs. John W. Clayton, New Castle,

Pa., a former Salem woman, wife of

a noted labor leader, is ill of typhoid

fever.

Invitations are out for the marriage

of Miss Beanie Jones, West Dry st., to

William Criswell, Pittsburg, which

will be an event of Thursday evening,

Aug. 27, at the home of the bride's

parents.

J. W. Cope, New Waterford, ship-

ped over 100 bushels of plums last

week, and the season has only opened.

T. A. Vernon left this morning on a

business trip down the Ohio river

which will take him as far as Louis-

ville, Ky. He expects to be gone sev-

eral weeks.

Rev. Charles E. Taylor left this

morning for Columbus on business for

the Taylor Brothers Oil company. He

probably will organize an oil company

there.

Miss Emma Carpenter, Lincoln ave.,

who has been spending the summer

with relatives and friends in Minne-

sota, is expected to arrive in Salem

Wednesday.

At Columbiana the contract for a

fine new business block, which will be

occupied on the first floor by the

postoffice, has been let to Solomon

Culp of Columbiana, for \$11,000.

On Saturday Dr. S. Heck closed a

deal for the purchase of the old Cless-

man property, Lincoln ave., at present

occupied by Mrs. Annie Fugate. He is

planning to make extensive repairs

and changes in the house.

J. W. Yates, who lives south of Sa-

lem, has purchased a new threshing

machine.

Mrs. J. E. Barner, Salem, who is in

a hospital at Akron, is reported to be

improving slowly at this time, al-

though a few days ago her life was

despaired of.

130 OHIO ARRESTS
BY FEDERAL AGENTS

Columbus, Aug. 16.—In addition to

its other activities such as the exam-

ination of applications and the grant-

ing of permits for the prescribing and

sale of liquor for medicinal purposes

and its use in manufacture, inspection

of places where liquor is handled, en-

forcement of regulations and the ex-

amination of reports, together with

the investigation of interstate cases

and the general supervision of prob-

hibition enforcement, the federal pro-

hibition department in Ohio made 130

arrests in July, according to report

submitted Federal Prohibition Direc-

tor J. E. Russell by Chief Enforcement

Officer F. E. Norwood. The fines to-

taled \$13,975; taxes levied \$30,317.97.

The library of Princeton university

is said to possess the largest collec-

tion of books on baptism in the world.

EXHIBITS KEEP PACE WITH TIMES

Every Department of Ohio State
Fair Shows Progress.

BETTER DISPLAYS EACH YEAR

Exhibitors Advise State Fair Management of Features of Their Coming Displays and the Improvements Made Over Previous Exhibitions. Heavy Machinery Demonstrations This Year.

Every year when the dates are announced for the Ohio State Fair there are a few people who remark that the exposition "will be the same old thing," that "if you see one fair you see them all." To prove the injustice of this attitude and to point out the progress every exhibit makes each year, Director of Agriculture Charles V. Truax and Manager G. R. Lewis selected a list of exhibitors representative of the many displays to be found on the Columbus grounds. A letter was sent to each one requesting that the management be advised of the features of their coming exhibits and the improvements made over previous exhibitions. The responses indicated the interest these firms take in presenting better displays and included many features of interest to prospective patrons.

The International Harvester company besides showing a new ball-bearing tractor that carries a life-guarantee covering breakage, will exhibit a new departure in grain binders. Formerly these machines secured their power from the traction of the "bull wheel." This new style operates the binder mechanism directly and lessens the strain experienced under the old system. As a concrete example of the forward march of agricultural machinery this firm will place an old-style reaper beside the new. This machine will be a replica of the one which won the gold medal at the London fair in 1881.

Thousands of agriculturists will doubtless visit the J. I. Case display to witness the operation of the latest Case threshers. This exhibit will not only be interesting because of the perfection of the machinery, but also because of a recent achievement of this company. In June of this year Case Thresher No. 100,000 was manufactured and sold, a production mark that will stand as a record for many years to come. This point was reached in spite of, or perhaps because of, the policy enforced 81 years ago to base production on quality rather than quantity. The value of agriculture obtained may readily be recognized when this improved thresher is compared to earlier methods.

The contrast between the modern system and the old is great. Following a year's work in seedbed preparation, planting and harvesting it was an all winter sentence of hard labor for the farmer to haul out enough grain for his family and still leave a small surplus. Now the entire grain crop in machinery using nations can be threshed in less than 30 days of actual work.

An interesting dissertation on the chemical composition of stock feeds constituted the reply of the Wooster Feed Manufacturing company. The materials that go into the feed sold to farmers must not only be carefully compounded, but it must be prepared differently for different animals. The feed that fattens a hog may be indigestible if fed to cattle. This company states that their exhibit at Columbus the week of Aug. 27 will be of an educational nature—a straightforward endeavor to impress on stockmen the merits of the different elements in stock feeds and the care that should be taken in selecting materials of nutritive value.

Another threshing exhibit of merit is to be staged by the Aultman-Taylor company. This machine is designed for the farmer who has hilly fields to contend with and for threshing "things" where the transportation from farm to farm is a difficult problem. Although it is not a junior model this thresher is 2,000 pounds lighter than the standard model and incorporates every feature of the heavier machines.

Other features of note found among the exhibits on the Columbus grounds are: A clean and odorless plant food, a fertilizer put up in attractive form for housewives by the Stadler Products company; a complete electrical kitchen in full operation presented by the Murray-Lash electrical company; and another feed display by the Nowak Milling company. A novel experiment was undertaken by the latter firm in connection with the 1922 Ohio State Fair. Having a new product on the market and desiring to prove its merits, they requested several exhibitors to use their hog feed in preparing their animals for competition. This request was complied with and the prizes their animals took were compared. The resulting list was all the guarantee necessary to interest swine breeders in their products.

So it goes through every department. Not a class of displays is found that is not endeavoring to keep pace with the times through the up-to-date nature of their exhibit booths or heavy machinery demonstrations.

READ THE WANT COLUMN.

MANY KLANSMEN ATTACKED BY MOB AT STEUBENVILLE

Steubenville, Aug. 16.—In disorders here last night following a meeting of members of the Ku Klux Klan from East Liverpool, O., Weirton, W. Va., and Chester, W. Va., several men were injured and three of the visitors' automobiles were wrecked as the result of assault by a mob that attacked the visitors. Thirty or forty of the attacking party were given black eyes and other minor injuries.

It required more than half an hour for the united city police and deputy sheriffs to restore quiet.

Jeered By Crowd
A crowd of perhaps 1,000 persons, standing on the sidewalks, jeered the visitors as they came into town. Their automobiles bore red and white lights and American flags.

They were said to be returning from a Klan meeting in Weirton, W. Va.

The trouble is said to have started when a number of men surrounded a visitor's car, which was draped with an American flag. One of the bystanders asked the driver if he served in the World war.

"I certainly did," was the reply.
"Aren't you ashamed to use the American flag in this manner?" was the second question.

"I am not," was the reply.
Heated words followed and a number of the assembly dragged the occupants of the car into the street and removed the flag from the car. The machine was shoved to one side while the gathering continued to punish its former occupants.

The Klansmen fought back as well as they could for a time, but were overwhelmed and finally fled.

Kensington Farm Has Reputation For Big Production Of Fruit

A consistent yield over a number of years from his 400 trees, has earned the reputation of owning one of the best producing apple orchards in Ohio for John M. Oyer of Kensington.

Pruning, spraying and thinning the trees and fruit has been successful in preventing over production one year and a crop failure the next. The average yield has been 2000 bushels, with 3500 bushels as the greatest and 1200 the lowest yield.

In fruiting time, the Kensington fruit farm, as the Oyer orchard is known, is visited by hundreds of people every year. As a result of the care which has been expended upon them the trees closely resemble large bushes, with beautiful foliage.

Set out in 1895, the orchard in 1912 was taken over for experimental work by the Wooster experiment station for a three-year period and so successful was the work of the state orchardists that the experimental work was continued for another three years.

The result was a full crop the second year after the orchardists took charge and this has continued every year without a single failure, according to Oyer, who first bought the farm in 1895.

Great Comedy, "Turn to the Right," a Chautauqua Feature

"Turn to the Right," notable comedy success, presented by a cast of New York actors, will be one of the outstanding features of the coming Redpath Chautauqua.

"Turn to the Right" runs over with bubbling fun and is replete with startling surprises and complications. It tugs at the heart-strings, and tears start to the eyes only to be washed away by the cleanest of laughter.

In 1885 and a few years later turned his attention to fruit growing.

Mango in Porto Rico.

It is reported that the climate of Porto Rico is favorable for the cultivation of what has sometimes been called the finest of tropical fruits, the mango. But although mangoes abound in the island they are seedling trees, and the fruit is inferior to that of the famous Bombay mango, which is a grafted tree. It is believed that fine mangoes could be grown in abundance in Porto Rico by importing the best grafts, and that the industry can be developed into an important one as soon as the excellence of the fruit becomes known in the United States.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined.

An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend."

Mrs. C. J. Harrison, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., B.A. 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

SOCIETY

Cope Reunion.

W. G. Cope, Sebring, speaking on "The World's Greatest Need," expressed the opinion that it was more Christianity, at the annual gathering of the Cope family Wednesday at Willow Grove park, Lisbon. H. D. Cope, state representative, used as his subject, "The World Court."

Oliver Cope, Cadiz, and Maria Cope, near Rogers, whose ages are 94 and 93, were the oldest relatives at the reunion.

The officers, re-elected, are: President, Mrs. Mollie Cope Phillips, New Waterford; secretary, Mrs. Florence Babel; treasurer, Mrs. Thomas Cope, Winona. The 1924 reunion will be at the same place the third Wednesday in August.

Price Cope and family, Joseph Cope and family and Frank Fults and family were those from this vicinity who attended.

Woolf Reunion.

With about 100 relatives in attendance, the 27th annual reunion of the Woolf family was held Wednesday at Rockhill park, Alliance. Those from Salem were Jonas Goodman and Mr. and Mrs. M. P. Wanner and children.

It was announced that the family history which is being compiled will be completed for the 1924 reunion, which will be held at the same place and on the same date.

The officers are: President, Herbert Woolf, Alliance; vice president, Claud Woolf, Akron; secretary, Miss Celesta Goodman, Salem; corresponding secretary, Jeanette Yager, Carr, Alliance; treasurer, Jonas Goodman, Salem; historian, P. D. Stratton, Akron.

W. R. C. Picnic

Miss Florence Harris, Mrs. James Cowan and Mrs. David Horner entertained members of the Woman's Relief corps at a picnic Wednesday at the Salem Country club. A bountiful picnic dinner was enjoyed by 54 women, the guests included Mrs. Cora Haworth, Philadelphia, formerly of Salem.

Bathing interested some of the company while fancywork formed the chief diversion for others. The "girls" of '61 formed a quadrille and danced it through, with all joining in the grand march, the finale of the happy event.

Whinnery Reunion

Over 100 relatives of the Whinnery family, among them Mr. and Mrs. Edwin Koch, Lincoln, Ill., Mr. and Mrs. Samuel Willaman, Ames, Ia., and Mr. and Mrs. Carl Whinnery, Ashland, formerly of Salem, met Wednesday at Westville lake for their annual reunion.

A picnic dinner was enjoyed and program of music and readings entertained.

The officers are: President, C. A. Hawland; vice president, Russell Myers; secretary, Ola Strawn, North Benton.

Bricker-Long Reunion

Mrs. Wilson and family of Warren attended the annual reunion of the Bricker and Long families Wednesday at Eagleton, Pa. Other relatives were from Salem and vicinity and the vicinity of Lisbon.

Eli Bricker, Salem, was re-elected president and Forest Hill, this city is secretary. The reunion next year will be at the same place on the same date.

Breakfast and Bridge

As a social courtesy to Mrs. J. L. Gallatin and Miss Maude Collier, Uniontown, Pa., Mrs. R. R. Miller entertained at a breakfast Wednesday at the Salem Country club. Later four tables were employed at bridge and the prize winners were Mrs. Donald Carey, Mrs. E. F. Hauser and Mrs. Gallatin. Miss Lillian Bass, of Washington, was an out of town guest.

Mrs. A. G. Phillips, Mr. and Mrs. B. N. Windle and Mr. and Mrs. Ralph Huston motored to Cleveland Wednesday to attend the funeral of Mildred Phillips, daughter of Mr. and Mrs. Dallas Phillips.

Dr. and Mrs. G. J. Hawkins and children, Misses Ava Barnes and Ava Webb and their guest, Miss Bessie Gilbert, Baltimore, motored to Warren and Nelson lodges Wednesday afternoon.

Mrs. Frank Speidel and daughters, Stella and Hazel, have left for Ann Arbor, Mich., where Miss Stella Speidel is in nurse's training. They made the trip by automobile.

Misses Dora Miller and Virginia Hennessey and Mrs. Celia Forney visited Wednesday afternoon at Villa Marie, the Catholic sisters home, at Bedford.

Miss Marie Svenningsson, Maple st., left Thursday morning for Cleveland where she will spend a few days with friends and relatives.

The Misses Loretta Entriken and Bess Watkins have returned home from a two week's vacation trip through the east.

Mrs. W. L. Berry Jr., and son, Stewart, of Cleveland are visiting at the home of her parents, in East High st.

Mrs. M. F. Rogers, who has been visiting at the home of Emma Rogers, has returned to her home in Memphis Tenn.

Mr. and Mrs. W. E. Bunn of Solineville, are visiting at the home of his brother, George Bunn and family.

Miss Esther Shenker of Lancaster, is the guest of her sister, Mr. Harry Abram and family, 349 Franklin ave.

Miss Elizabeth Wirsching is taking a two week's vacation from her duties in the city waterworks office.

H. B. Parker and family, Pittsburg, were guests of relatives here Wednesday.

Mrs. Elma Farmer, Roosevelt ave., is spending a short time in Cleveland.

Miss Camille Glas is spending a week with friends at Milaca, Minn.

Marriage Licenses

Marriage licenses were issued yesterday by Judge Riddle to four couples. They were Marian G. Volpe and Angelo A. Volpe, both of Salem; Rachia Opencar and Thomas Orashan, both of Salem; Vivia M. Allison and Paul E. Hume, East Liverpool; Alice M. Peyton of East Liverpool and Clifford Harmon of Sebring.

Masonic Dance

Seventy-five couples, some of them coming from Alliance, Youngstown, Massillon, Leetonia, Lisbon, Canton and Columbiana, participated in a dance held at the Masonic temple Wednesday night. Music was provided by the Harmony Players orchestra.

Mrs. Charles Weimerskirch and son Earl and family and Mrs. Stevens of Lima, in company with Mr. and Mrs. Graubbaum and daughter of Alliance spent Tuesday with the former's brother, M. A. Wohlgamuth and family of Sixth st.

Mrs. H. J. Cooper of Hillsboro, N. D., who has spent the last eight weeks with her sisters in Salem, returned home Thursday.

Miss Viola Leaf, who has spent the past two weeks visiting with her mother here, has returned to her home in Cleveland.

Mrs. David Booty is spending a week with Cleveland relatives.

Anglo-American Friendship Urged By John D., Jr.

John D. Rockefeller, Jr.

Upon his return from a pleasure trip to Europe, the first he has taken in 17 years, John D. Rockefeller, Jr., entered his plea for Anglo-American amity, declaring that the peace of the world rests upon that friendship.

The KITCHEN CABINET

(See 1224, Western Newspaper Union.) When it comes to the riches of mind and soul can you say that you are a millionaire? To be such a millionaire would certainly be worth while, and here we find a new ambition.

SEASONABLE GOOD THINGS

When plums are in their prime try the following: Wipe carefully ripe, sound plums. Place the fruit in a stone jar, adding one-quarter of a pound of sugar for each pound of plums. Place the jar in boiling water and cook until tender. Remove the stones and put the fruit through a colander; return to the jar and add one-half pound of sugar for each pound of fruit (original weight) and continue to cook until thick and almost dry. Put into jars, seal, and keep in a cool place. Cut in slices and eat on toast or bread. Other fruits may be served in the same way.

Carrot Sauce.—Select medium-sized carrots, wash and scrape them; cover with boiling water and cook until tender. Drain and mash, adding salt to taste and two tablespoonsful of butter. Cook a teaspoonful of flour in the butter until brown, then add the carrots and blend well. When this is done add one and one-half cupsful of sweet milk and simmer ten minutes. Season with pepper and paprika and pour over broiled fish, adding more salt if needed.

To prepare jams or jellies from fruits which lack pectin, take the peeling of an orange, white inner lining and all; cook for a few minutes to remove the white, which is the part that holds the pectin, cover with water and cook slowly for an hour, reducing the liquid to three-quarters or half a cupful. Add a few tablespoonsful of this to the juice which will not jell and it will thicken. Keep the pectin well corked and it will be ready to use. Commercial pectin may be purchased, but this may be prepared at home when oranges are plentiful.

Pineapple Sandwiches.—Cook one cupful of shredded pineapple with three-quarters of a cupful of sugar and the juice of half a lemon. Cook until thick. When cold spread on halved sponge drops and press together, sandwich fashion. Serve with an iced drink.

Cottage Cheese and Lettuce.—Heap seasoned cottage cheese mixed with a few spoonfuls of salad dressing on lettuce. Sprinkle with chopped nuts, chill and serve.

Oil Drilling Started Near Beaver Church

Lisbon, Aug. 16.—Drilling operations have been started on the Wesley Grubbaugh farm near West Beaver church with the object of securing a thorough test of that neighborhood for oil and gas.

"Gay and Devilish"

A fast moving comedy, brings Doris May again to the Royal theater where her most recent R-C production will be shown Friday. With the flapper craze sweeping the nation Miss May's popularity is soaring to unprecedented heights everywhere. She is the most bittheous flapper of the screen and has won a tremendous following through her popular interpretation of this delightful character. Supporting Miss May in "Gay and Devilish" are Quinn Landis, Bill Montana, Jacqueline Logan, Ois Harlan and other prominent players who keep the fun bubbling from start to finish.

OBITUARY

Mrs. Jennie E. French
Following an illness of 18 months, Mrs. Jennie E. French, aged 69, died at 5 p. m. Monday at her home just west of Fairmount Children's home. Deceased was born in Knox township, Columbiana county, Jan. 23, 1859, a daughter of the late Henry and Margaret Yeagley. She was married to the late Louis E. French 30 years ago. The couple resided for many years on the farm on which both died.

A stepdaughter, Mrs. Edward Gibson of Salem, two sisters, Mrs. Nanette Gibson of Homeworth and Mrs. E. L. Guthrie of Alliance and a brother, Charles Yeagley of Homeworth, are living.

Funeral service was conducted at 1:30 p. m. Wednesday at the home of Charles Yeagley, Rev. A. B. Moore of Alliance officiated. Interment at Mt. Union cemetery.

Mrs. C. E. Sickle
Mrs. C. E. Sickle, aged 58, of Deerfield, died at Salem City hospital at 2 p. m. Wednesday. She had been ill some time from peritonitis. Lovernah Jane Sickle was a life long resident of Deerfield and was well known in Salem. Surviving are two sons, Wilbur of Akron and Winford of Deerfield; three daughters, Mrs. Thurman Haught, Akron; Mrs. Joseph Carver and Cora Sickle of Deerfield.

Funeral will be held at the Mottstown church and time of the funeral will be announced later. Burial will be at Mottstown cemetery.

Sec'y Davis Acts To Avert Coal Strike.

Secretary of Labor James J. Davis rushed home from his native Wales, where he was spending a vacation, immediately upon learning of the death of President Harding. As soon as the Levathan landed in New York Mr. Davis proceeded to Washington to take steps to avert the threatened anthracite coal strike.

Half a Hundred of Autumn's Prettiest Frocks Are Gathered

here at Great Savings

Opportunities Galore Tomorrow

Dresses that women and misses want for early fall wear—established modes for fall and winter make their appearance in this one of a kind display. Diverse in style innovation as they are, there is that noticeable grace of simple slenderline about all. They have richness of fabric and shade and individuality is made by the varied waistline, varied sleeve lengths and by the suggestion of the panel and pleat effects. Dresses of the better kind made of Canton Crepe, Crepe Satin, Crepe Meteor, Lustre Satin, Charmeuse and Georgette Crepe. Beaded models of self draped, buckles and lace trim some of the models. Sizes 16, 18, 36, 38, 40, 42, 44. Save 20 to 33 1-3 per cent on many of these fall modes.

Priced at \$16.95, \$22.75, \$34.50, \$45.00, \$49.50, \$55.00

You can obtain regular sizes from your favorite toilet counter. If not, send this ad, with 10 cents to Bonicilla Laboratories, Indianapolis, Indiana, for a trial tube.

RIEDEL PROBING HISTORY TEXTS

Would Train Public School Pupils in Patriotism.

SEES DISREGARD FOR LAWS

Welfare Director Harper Would Prosecute Firm For the Alleged Enticement of Boys From State Institution. Industrial Commission's Disbursements During the Last Fiscal Year. Registration at Ohio State.

Columbus, Aug. 16. — Vernon M. Riegel, state director of education, announces that the investigation of history texts now in use in Ohio's public schools is to be conducted with a view to training students in patriotism and a proper regard for the laws and institutions of the country.

Mr. Riegel has called on the Daughters of the American Revolution, G. A. R., Spanish-American War Veterans, American Legion, Ohio Society, Sons of the American Revolution, Ohio Federation of Women's clubs and the Ohio League of Women Voters to assist in the investigation. He said conditions are such as to make it necessary to "approach the task of training in patriotism with a definitely organized and outlined program of instruction and activities, rather than to depend upon the right attitudes toward country and government resulting as a casual by-product of the general instruction," in a letter addressed to heads of the organizations.

Mr. Riegel called attention to the lack of respect shown some of the laws by many citizens and attributed this to a lack of patriotism. Commenting on this condition, he said: "There is manifest today a considerable drift in the direction of lack of respect for and obedience to law. Numerous violations of traffic laws and of the enactments designed to enforce the Eighteenth amendment are cases in point. The spread of disloyalty to the laws of the municipality, the state and the nation, if they happen not to consort with the individual's convenience and preference, is a dangerous tendency. Some things seem to be wrong with the groundwork laid in early years, and hence there is reason to be concerned about what the schools are doing to equip the oncoming citizens with that understanding, respect and appreciation which subordinates self to the will of a government constituted by a free people."

"Appreciation is doubtless the key-word in the whole proposition. Through the centuries that have intervened since the barons wrested from Prince John at Runnymede that first charter of Anglo-Saxon liberties, there has been a gradual refinement and perfection of the instruments and laws which guarantee human rights, culminating in our own American constitution. If the knowledge of this wonderful development is rightly implanted in the minds of America's youth, there inevitably must be a fuller appreciation of the privileges the American enjoys and the corresponding debt he owes. But our country is more than a government. It is a country whose soil has been trod by illustrious men, peerless in the examples that they set to the generations following them. It is a country whose marvelous natural resources, awe-inspiring beauties, institutions and opportunities should beget that appreciation which is the essence of patriotism."

State fair officials say the entries made for the competitions at the coming Ohio state fair presage an exhibition of exceptional size and merit. Throughout the country the Buckeye exposition is noted for the remarkable quality of the animals that annually compete in the judging ring, and few fairs can boast of entry lists that even compare with those received here.

In the cattle department 81 entries have arrived from 15 states, including Ohio, Illinois, Indiana, Missouri, New York, West Virginia, Massachusetts, Virginia, Kentucky, Colorado, Michigan, Mississippi, Connecticut, Tennessee and Georgia have contributed their share to the splendid array of beef and dairy cattle that will compete for the 1923 premiums.

Polled Shorthorns and Brown Swiss classes are as large now as they were last year, with entries still coming in. In 1922, with almost 300 animals in the ring, the largest Jersey cattle show in the world was held at Columbus. Every indication points toward this record being surpassed the week of Aug. 27. Nearly all the former exhibitors have re-entered their herds, as well as many that are new to Ohio. The Guernsey competition also promised to be good.

The status of non-voters is defined by the League of Women Voters as follows: "The greatest slacker in the state of Ohio is the man or woman willing to accept the benefits of government, but not willing to shoulder any of its responsibilities. No persons who want anything know that The News is the Want Medium in this locality. So send it."

One has a right to criticize the actions of any public official unless he or she has voted."

At the recent national school of politics held in Columbia university, New York, Ohio was represented by Miss Belle Sherwin of Cleveland, first vice president of the national organization; Miss Helen Rocca of Cleveland; Miss Flora Cotterill of Dayton; Miss Sarah Cameron, Toledo, and Miss Emma Tilden, Cleveland.

Director of Welfare John E. Harper has filed with Attorney General Crabbe a request for assistance in prosecution of members of the firm of Bentz Brothers, Columbus contractors, for the alleged enticement of boys from the state institution for feeble minded. Fifteen boys from the institution were found last November in a coal mining camp in Pennsylvania, operated by Bentz Brothers, and according to Director Harper, two others, David Brown and Maywood Butler, recently escaped from the camp, were arrested by Pennsylvania officials and held till an officer from the institution returned them to Columbus.

These boys told officers of the institution, Mr. Harper says, that they were enticed away by members of the Bentz family, who promised them pay, but both asserted they had received nothing for their labor in the mine. The boys told of being locked in the Bentz store in Columbus while they were waiting to be taken to Pennsylvania and both asserted they had been compelled to work in the mine from early morning till late at night.

Brown said he spent six weeks at the camp and did not have a bath in that time. He also said he seldom had any clean clothes while at the camp. He told officers of the institution Mamie Bentz whipped him and the men of the family cursed him almost continuously, Harper says in his letter to Mr. Crabbe.

In calling on the attorney general for assistance in breaking up the practice, Mr. Harper said his department is without funds to prosecute such cases and that he is powerless to act unless assisted by the attorney general.

Mr. Harper submitted to the attorney general a copy of the report of Dr. E. J. Emerick, head of the institution, in which he says members of the Bentz firm have enticed boys away from the institution on a number of occasions.

According to a report given the secretary of state yesterday by J. H. Lamneck, assistant director of industrial relations, the industrial commission of Ohio paid more than \$500,000 more in claims during the fiscal year ending June 30, than it paid during the previous year. Despite this fact the balance in the treasury was increased \$2,500,000.

The balance on hand at the end of the fiscal year was \$43,377,263, but Mr. Lamneck said this is largely a "paper balance" and that approximately \$34,350,000 would be required to pay claims against the commission. The major portion of this amount is represented by death claims being paid in monthly installments, many of which will run for eight years.

Claims filed this year totaled 176,427 as compared with 108,824 for the previous year, while death claims, which numbered only 676 for the year ending June 30, 1922, jumped to 603 for the year covered by the report. The number of active risks was increased last year from 23,183 to 25,298, but pending claims were reduced from 1993 to 1776. Premiums collected last year amounted to \$29,207,757 and the interest earnings on the fund aggregated \$2,332,046. Claims amounting to \$8,372,874 were paid by the commission.

Early registration figures at Ohio State university indicate another appreciable increase this year in the size of the student body. Partial figures for the fall quarter recently compiled show an increase of 200 over the corresponding date last year.

The total enrollment, according to Maud L. Stradley, university examiner, at the last checking showed registration of 1,130 new students. Last year there were 930 new students registered at this time.

The college of commerce and journalism shows the greatest increase with 179 new students, as against five a year ago and 12 at this time two years ago. This is ascribed to the fact that the courses in the college have been extended from two to four years to replace the two-year course based on two years of previous work in the college of arts in force heretofore.

As a result, at this date the advance enrollment in the college of arts shows a slight decrease. All other colleges and departments, however, reveal an increase over a year ago. In view of current economic conditions, according to Stradley, "the consistently steady, even though conservative, growth in the number of enrollments should be viewed with a great deal of encouragement."

The grand net total of enrollment at Ohio State last year was 8,845.

Governor Donahay announced that he was watching the situation in connection with the reduction of the price of gasoline in some of the western states, but gave the opinion that it would require a special session of the legislature to give the sanction before he would have the authority to take any action.

When first introduced in England in 1600, the potato was eaten as a sweetmeat, stewed in sack wine and sugar.

COURT NEWS

Wants Estate Divided
Francis Crawford McCord of Lisbon has entered suit in common pleas court against Floyd Crawford and others, heirs of Edgar Crawford, to procure her undivided half interest in lot 161 in Lisbon and lot 5 in Harbaugh's addition to the village. She states that she is the owner of this portion of the property and that she wishes her interest to be set off to her and that when all the claims to the lands in question be set up that the property be sold and the proceeds divided among those having an interest in the estate.

Wife Gets Divorce
As the result of a request made by Mrs. Mary McKenzie of Wellsville Judge Moore has granted her a divorce and ordered her former husband Harold McKenzie, to pay her \$50 a month as alimony. The wife also is given the custody of their children.

CITY BRIEFS

Salvation Army Notes

Envoy and Mrs. Ward have returned from the camp meeting at Sebring and have resumed activities at the Salvation Army barracks. Prayer meeting will be held at 8 p. m. Thursday following an open air meeting. The Band of Love will meet at 7 p. m. Friday. This is a special meeting for the children.

Has Limousine Hearse

D. E. Mather, local funeral director, has purchased a new limousine hearse. The hearse is the latest one manufactured, the nearest one like it being at Akron. The machine looks like an ordinary closed automobile, getting away from the fancy hearses now in use. It was put in operation Wednesday.

Moose Women

Meeting Wednesday evening Salem chapter No. 68, Women of the Moose, held their regular meeting at 8 o'clock, Saturday, Aug. 25.

The chapter and lodge are planning to hold a joint meeting in the near future. An orchestra dance will provide entertainment.

Syncopaters Entertain

The Savvy Syncopaters of Beaver Falls entertained in Salem Wednesday at the home of Mr. and Mrs. Schering and at the home of Mr. and Mrs. Balduff. The orchestra is one of the best known in Western Pennsylvania and has been held over in this section for dances.

Phillips' S. S. Picnic

Phillips' Sunday school, south of Salem, held its annual picnic Wednesday at Eagleton glens, with an attendance of about 80. A picnic dinner, boating and other pleasures helped make the occasion enjoyable.

Girl Fractured Elbow

Alice, the seven-year-old daughter of Mr. and Mrs. Thomas Costigan, of Lisbon, is suffering with a fractured elbow as the result of a fall from her pony as she was on her way to visit relatives at Logtown two miles west of Lisbon Wednesday evening. The little girl was brought to the Central Clinic hospital Thursday morning to obtain an X-ray photo of the injury.

Recent Births

Mr. and Mrs. Alvin Thompson, 263 Broadway, announce the birth of a son, Tuesday. He will be named Jack.

DAMASCUS

Alva Bailey and family, of Barnesville, are spending a few days at the home of Edward Steer on their way home from Iowa.

Mrs. Elizabeth Winder and children, of Yards, Pa., who have been visiting at the home of Leonard Winder, returned home Thursday.

Mrs. Swick and son, of Beaver Falls are spending a few days at the home of O. V. Delzell.

Mrs. T. D. Primm will entertain her fancywork club associates at a 12 o'clock luncheon Friday.

Mr. and Mrs. James Primm, Salem visited Wednesday with his parents, Mr. and Mrs. T. D. Primm.

Rev. and Mrs. Stanley Smith, Willoughby, called on friends here Wednesday afternoon.

Miss Ellen Smith, Adrian, Mich., is visiting at the home of Rev. and Mrs. Herbert Hady and will remain until after yearly meeting.

Mr. and Mrs. Fred Israel and daughter, Clafabel, returned home Wednesday evening from a vacation trip to Hagerstown, Md.

COUNTY OBTAINS WORTHY RESULTS BY CHILD SURVEY

School Work Advances When Treatment Restores Health To Pupils.

Lisbon, Aug. 16.—Early last spring Probate Judge Riddle, in company with Health Commissioner McCullough, issued orders to the mothers of all dependent children in the county to bring those children into the probate court and have them submitted to a health test.

At the same time cards were issued to the teachers of these children in the public schools of the county to report on their attendance at school, their deportment and the proficiency that they had attained in their studies.

The teachers of the children and the physicians who examined them made their reports independently of one another. When the reports were tabulated some very interesting statistics were brought to light.

It was shown that in every case where the child was suffering from bad teeth, eyesight, adenoids, diseased tonsils or any of the ailments of childhood, the school record was poor. In cases where children had been treated and brought to normal health their work advanced with their health. This was true in 95 per cent of the cases investigated.

This is the first county in Ohio to start such an investigation, and as a result Judge Riddle is receiving requests from many places for the results of this research.

Dr. J. L. Conrad of McKeesport, Pa., who is to deliver a talk before the medical society of his county on the subject of personal hygiene of school children, has asked for an procured a detailed account of this research, which he says is most valuable to him and his colleagues.

Furthermore the management of the Westinghouse company at McKeesport has published 15,000 copies of the work done by the Columbiana county officials in this regard, which it is distributing to its employees.

It is the intention of Judge Riddle and the health commissioner to look after the health of the dependent children and bring them up to normal if possible.

Every father and mother in the county will doubtless be interested in this work and those who have children who are suffering from some ailment are urged to take immediate steps to carry out this idea with their own children.

Judge Riddle has been aided in this work by the East Liverpool Rotary club, the Kiwanis club of that city, the Kiwanis club of Lisbon, the Women's club of Leetonia and many other organizations all over the county.

THEATRES

"Oliver Twist"

According to Frank Lloyd, director of "Oliver Twist," in which So' Les at the High school auditorium Thursday, Friday and Saturday, the reproduction of the scenes in "Field Lane" are photographically accurate. It was in this disreputable quarter of London that Oliver Twist was held captive by Fagin and his evil band. The place still exists, though much of the wickedness rampant there in Dickens' day has been wiped out. But the landmarks remain, and any student of Charles Dickens' works, familiar, too, with the illustrations done by Cruikshank, the great illustrator of Dickens' characters, may find them and identify them beyond any shadow of doubt. These will be shown (just as they were in Dickens' day and described in Dickens' books) in the massive production soon to be offered here. A peculiarity of these evil sections

of London, says Mr. Lloyd, is that they so frequently are immediately adjacent to the most staid, reputable and polite sections. It is so with Field Lane. That is how it happens in the story and in the screen version of "Oliver Twist," that Oliver, gone only 15 minutes from the quiet, and genteel home of Mr. Brownlow, finds himself in the sordid, vile section wherein Fagin and his gang flourish. The reader of Dickens will find everything in his memory concerning "Oliver Twist" suddenly illumined and flashed forth again in this First Nations attraction.

Zanesville — Mrs. Robert Farmer's infant son saved his life by crying during a severe electrical storm last week. Just after Mrs. Farmer lifted the child from its crib lightning struck the house allowing the chimney to crash through the roof demolishing the baby's crib.

Cantfield — The executives of the Mahoning County Farm Bureau will meet Thursday night to take up the question of employing a home agent. B. B. Shohn, agent supervisor, will probably present an applicant for the position.

16 Vital Foods 12 minerals—3 vitamins—bran

Quaker Puffed Wheat in milk is the greatest dish that you can serve. It is whole wheat steam exploded. The grains are puffed to 8 times normal size—to airy, fluffy morsels. And the food cells are broken for easy digestion.

Whole wheat supplies 12 minerals which growing children must have. Also their need of bran. And milk is rich in all three vitamins.

Quaker Puffed Wheat

Quaker Puffed Rice

People need these elements in plenty. Millions suffer for their lack. Make sure they get them daily by serving them in this delightful way.

Quaker Puffed Rice is rice grains puffed in like way. Each fluffy grain is a food confection.

Breakfast never brings a cereal dainty that compares with this.

Let no day pass this summer without these supreme foods.

THE 1924 STUDEBAKER LIGHT-SIX SEDAN. \$1550

The Closed Car You Buy Now You'll Use Next Winter

Any owner who has felt winter's winds whistling through the ill-fitting doors and flimsy panels of a makeshift closed car knows there is no substitute for quality.

The 1924 Model Studebaker Light-Six Sedan you buy now will not only serve you admirably this summer and next winter, but will endure for years.

It is sturdy built for long, hard service, to ride comfortably, to lock well and to operate at a moderate expense.

And when you are ready to trade it in on a new car the depreciation will be reasonable. Studebaker used car values are high because of Studebaker's inherent merit. And there is always a market for used Studebakers.

The substantial hard wood and steel body with its broad windows and four wide doors, its rich mohair velvet plush upholstery, and

many refinements, is a model of Studebaker craftsmanship.

Construction of the chassis is an achievement in the use of precision methods in large scale manufacture. Proof of this lies in the machining of all surfaces of the crankshaft and connecting rods, to which is largely due its virtual freedom from vibration. This is an exclusive Studebaker practice on cars at this price.

The smooth-running Light-Six motor has made friends everywhere for its durability, power and flexibility just as it has for its economy and reliability.

The Light Six Sedan is low priced because it is built complete by Studebaker in large volume, but there isn't a cheap thing about it. It is above par in every particular.

Studebaker's reputation for producing high class transportation for 71 years is worth considering when you buy a car.

Four wide-opening doors. Eight-day clock. Quick-action cowl ventilator. Attractive coach lamps. Heater. Mohair velvet plush upholstery. Glass-proof visor and windshield cleaner. Dome light. Thief-proof transmission lock.

LATEST SCHEME OF COMMUNISTS

"LAW—NO MORE WAR" MOVEMENT EXPOSED AS REALLY A NEW AGITATION BY REDS.

TO DESTROY ARMY AND NAVY

Well-Meaning Americans Are Tricked Into Supporting So-Called Peace Organizations That Are Seeking the Overthrow of Democracy.

By EDWARD B. CLARK
Washington.—Certain organizations which probably would prefer to be referred to as "nonmilitarist," rather than "pacifist," are responsible for a recent agitation, lasting through two days, for "Law—No More War."

Washington officials are wondering if the country generally, looking at this pleasing expression of "Law—No More War," realizes just what it means and what is back of it.

In letters from Washington from time to time it has seemed to be a patriotic duty to point out the fact—the known fact—that many of the laborers in behalf of peace throughout the country really are agents of communist Russia seeking to disarm the United States so that the communists, who are already organized in this country, can make an attempt which they think may be successful to overthrow the existing American democracy.

The organizations which are at work in behalf of peace, and in whose membership there are many believers in communism, succeeded in getting a semi-official approval for their two days' demonstration in behalf of "Law—No More War." Actually, the post office authorities authorized that in certain of the offices of the country, notably in Boston, a postmark could be stamped upon letters which bears the slogan, "Law—No More War."

Enemies of Army and Navy.

Admittedly, this subject has been treated in letters from Washington prior to this time, but the communists and their easy American victims are still keeping everlastingly at their propaganda. But if efforts are made by decent Americans to check the thing, they may get somewhere. To the surprise, perhaps, of some good peace-loving Americans, they find that by joining organizations whose ostensible purpose is to stop war they in fact have been helping forward the schemes of anarchists and worse.

Recently Secretary of the Navy Denby said: "There is a sinister propaganda by societies having their origin in foreign countries to undermine the morale of the navy and to insinuate into its personnel elements of disloyalty and disorder."

Secretary of War Weeks has been compelled to issue warnings against the spread of communism in his department. Mr. Weeks said: "The War department has been aware that the communist program has stressed the breeding of disloyalty among army and navy personnel as well as among citizens at large."

The most vindictive American enemies of the army and navy of the United States, enemies who desire that the two great forces for law and order shall be abolished, are working mainly through two societies, one which has a somewhat vague prevention title, and another a title which suggests that its work is entirely for peace and for freedom. One of these societies is responsible largely for the pleasing slogan "Law—No More War," although the thing that the society is trying to do is to abolish the law-enforcing power.

Would Save Only "Red" Army.
The American Defense society, through the director of the Washington bureau of the organization, has said this concerning the work of several of the American societies which, while seemingly working for peace, are doing those things which might make for the overthrow of this government: "These people and bodies always are urging the abolishment of the military forces in all countries except in 'Red' Russia."

"Never, by any chance, do they advocate any reduction of the Red army, which is now said by competent American observers to be the biggest and best equipped army on earth. We are told that the 'Law—No More War' movement is international. It is significant that the news dispatches from Germany a few days ago announced that the movement there was openly fostered by the communists."

Every official of the United States government, and, presumably, every citizen of the United States, want no more war. The authorities, however, do not believe that peace can be brought about by laying the United States defenseless to possible attacks from communism within its border.

Effect of Liquor on Crabs.

Crabs walk straight instead of zig-zagging under the influence of liquor according to experiments made by a French student, who has taken up science as a hobby. Furthermore, Le Roux has shown that a crab's digestive system does not differ much from that of man. Full of alcohol, the crab gets sick, whereas a little food with the liquor merely intoxicated him. Brandy straight made the crustacean sick, but bread dipped in absinthe made the crab first sleepy and then enabled it to walk perfectly straight.

Persons who want anything known about the above or the whole of the above, write to the Editor of the News, 100 N. E. Street, Salem, Ohio.

GREENFORD NEWS

The real estate of the Lyman Zimmerman heirs will be sold at public sale on Monday, Aug. 27, at 2 p. m.

J. C. Roller has been appointed guardian for Mrs. Dorothy Zimmerman. Mr. and Mrs. Ross Clay and daughters of Salem, spent Sunday with Mr. and Mrs. Frank Gay.

Wm. Felger of Youngstown, spent Tuesday with Miss Lydia Rhodes.

Mrs. Robert Sparrowhawk and daughter Dorothy, spent Saturday and Sunday with Mrs. V. V. Zimmerman and Mrs. Glen Bowman of Youngstown.

Mr. and Mrs. Seth Paulin, who were recently married, are spending a week in this vicinity. Relatives and friends surprised them with a shower at the home of Mr. and Mrs. Jerry Slagle Saturday night.

Mr. and Mrs. Kay A. Cook and daughters Vada and Vera, and Mr.

and Mrs. Mark Randak of Wiloughby motored here Friday afternoon to visit with Mr. and Mrs. Emmor Cook returning home Sunday afternoon.

Mr. and W. T. Richards and daughter Elsie, of Youngstown, spent last Thursday with Mr. and Mrs. W. W. Kenrich.

Mrs. W. W. Bush and daughter, Virginia, of Pittsburgh, came last Wednesday to spend the week end and Sunday with relatives in Greenford.

W. W. Kenrich has the cellar wall up for a new bungalow which he expects to occupy the coming winter.

Mrs. Eliza Spaulding and daughter Ina, of Canfield, spent last Friday with Mrs. L. M. Rhodes and family.

The Coy reunion was held last Saturday at the home of Mr. and Mrs. Wm. Dressel, north of Greenford.

The K. K. K. meeting held south of town Saturday evening was attended by about 1700 people.

Mr. and Mrs. J. U. Walter and Mr. and Mrs. Ray Calvin and family, motored to Hartzel's grove on the Mahoning last Thursday evening where

Mrs. C. F. Bush with her Sunday school class spent the past week camping.

Visitors at the home of Mr. and Mrs. A. W. Bush last Sunday were Mr. and Mrs. W. E. Slagle of Youngstown, Mrs. W. W. Bush and daughter Virginia, of Pittsburgh and Mrs. Mary Schunrenberger and daughter Mrs. Elsie Gilbert of Washingtonville.

Mr. and Mrs. Chauncey Clay, son Carl, motored to Painesville Sunday, returning Monday.

A. H. McCline and family started on their eastern trip last Wednesday by way of Washington, D. C., Baltimore, Md., New York city, Niagara Falls, N. Y. They expect to be gone about ten days or two weeks.

Lisbon Graduates Will Hold Reunion

Lisbon, Aug. 16.—Class of 1923, of the Lisbon High school is preparing to hold a reunion at Willow Grove park Tuesday, Aug. 21, just before the

class separates to enter different colleges and the work for the fall and winter months.

This is the largest class ever graduated by the local High school, having 62 members, and before graduation this spring plans were made to

hold a reunion in August which are being carried out.

The class proposes to hold these reunions each year and to keep in touch with each other as far as possible. The reunion program includes bathing, dancing, cats, athletic stunts

and some fervid oratory by the different members. Supt. W. H. Geiger and other teachers are included in the reunion invitations.

SPEED KING COMES FOR MOTOR RACES

Big Haugdahl, World Record Holder, Will Race At Southern nPark.

One of the many notables of the speed world that have arrived in Youngstown to tune up their cars for the two day speed battles on the Southern Park race course on Saturday and Sunday afternoon, Aug. 18-19, is Sig Haugdahl, world speed king, who pushed his way to fame when he sped over the sands of Daytona Beach, Fla., at the phenomenal rate of 180.27 miles per hour or more than three miles per minute, in a Wisconsin Special, a car of his own creation.

This performance snatched the world's speed crown from Tommy Milton, famous speedway driver, who previously held it at 156 miles per hour, established over the same course. In breaking Milton's record, Haugdahl smashed it twice, the first time when he achieved 161 miles an hour and shortly after when he made 180.27 miles per hour, the present record.

The little Norwegian is bringing his famous record breaking car to Youngstown in an endeavor to add a few more records to his already imposing list. He will drive again the clock in special time trials on both afternoons, and will wheel an Italian Fiat in the other competitive events in which he will defend his title of dirt track king of America, held by him for the past three years.

Hot on his trail for this title is Jules Ellingboe, speedway star who won third money at Indianapolis two years ago. He drives a Deussenberg. Floyd Willard, former light car champion out to regain his title pilots a Munroe Special. Norske Larson of St. Paul has a Peugeot, Elmer Lawson a Bugatti, Jimmie "Smash" Craft of Chicago, an Olds Special, Van Gleet of Kansas City a Fronty, and Krowel of Crookston, Minn., an Essex Special.

Several others are expected to be on hand when the starter flags them off at 2:30 p. m.

Home Of St. Paul's Sisters Is Completed: Cost \$11,000

The new home for the sisters who teach in St. Paul's Parochial school has been completed and enhances the property of the Catholic church.

It is located on McKinley ave., between the school and the church, on the site formerly occupied by the priest's house, which was moved on Ohio ave. near McKinley ave. to make place for this new building.

The home, which is modern in every detail and is fire proof, is made of tapestry brick and its design is somewhat similar to colonial style.

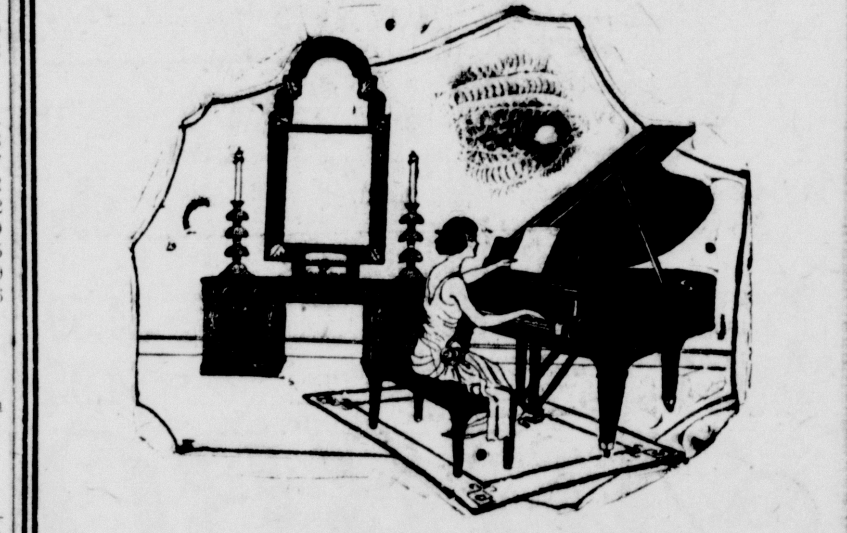

On the first floor are a large living room, dining room, kitchen and an office off the front hall. On the second floor are six sleeping rooms. It is heated with the Monat Squire system with both gas and coal furnaces. The Riddle feature fittings, the very latest in electric light fixtures, are used throughout the house.

Most of the furnishings are in American walnut of latest design, with rugs to harmonize. The estimated cost of the home and furnishings is \$11,000.

A landscape gardner has been employed to beautify the grounds surrounding the home and new concrete walks and drive will be laid. W. B. Heimpamp, Akron, designed this building. Samuel Fisher and John Auld are local contractors who were employed on it.

REAL PIANO VALUES

Values Out Of The Ordinary

HALF OF COUNTY'S STORES, FACTORIES, HOMES ELECTRIFIED

Report Of Survey Is Made Public By Ohio Utilities Committee.

Only 46.5 per cent of Columbiana county's homes, stores and factories are electrified.

This is shown in a survey just completed by Electrical World and made public by the Ohio Committee on Public Utility Information.

The survey discloses:

THAT only 7,530 of Columbiana county's homes are using electricity.

THAT only 1,380 of the county's 2,530 stores, hotels etc., are electrified.

THAT there are 820 industrial

plants in the county and that only 290 of these consume electrical energy for power purposes.

"According to the survey, 485,960 of the 1,136,200 homes in the state, 77,460 of the state's 179,910 stores and hotels, and 26,260 of the state's industrial plants are possible of future electrification," says the Ohio committee.

"In other words, only 57.2 per cent of the homes, 56.9 per cent of the stores and hotels and 45.4 per cent of the factories in the state are electrified.

"The figures indicate the tremendous amount of new capital that is required by the electric light and power industry of the state in order to serve these potential customers more than a half million in number - with electricity for light and power which they are demanding. Super-

power zones are being established, linking together by high-tension transmission lines the larger central generating stations of the state, while virtually all of the generating plants are extending their power lines into surrounding villages and rural territory."

Condenser Aerial Results Reported

Amateurs Tell of Success With Compact Outfits of This Type.

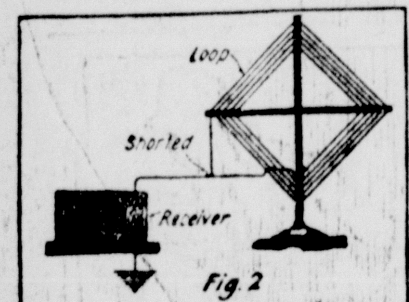

Of late, the condenser aerial has evidently come into its own. Reports are being received from all parts of the country giving exceptional results in reception with small compact aerials of this type. We might say that theoretically and practically there is something in it. For this reason we are placing before our readers several novel types of condenser aerials that according to their owners, are superior

With This Aerial, the Owner Claims Coast-to-Coast Reception Possible, Using but One Tube.

to the common receiving antenna system.

Frank F. Howe of Milwaukee has experimented with an inside aerial in conjunction with a crystal receiver. Referring to Fig. 1 it may be seen that the lead is taken from the exact center of the loop. Since the natural period of this aerial, due to its overall dimensions, corresponds to a 300-meter wave, it has a peak of efficiency at this frequency. For waves other than 300 meters it is desirable to open switch A, in which case the aerial acts as a common antenna system and is more or less aperiodic. Mr. Howe

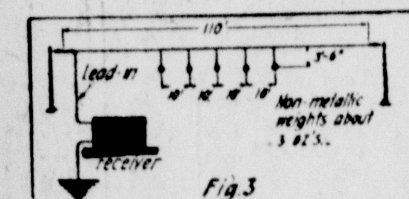

Another Form of Condenser Aerial That Has Proven Very Efficient for Long-Distance Reception.

states that results are poor if the aerial is not pointing in a due east and west direction.

Clifford Harwood of Fall River, Mass., has been using a small loop shorted upon itself as shown in Fig. 2. Using a crystal receiver in conjunction with this arrangement he has had very favorable results. In this type the capacity is concentrated and the effective inductance of the loop is low. Mr. R. Berndt of 4528 Richardson avenue, Bronx, N. Y., has a more revolutionary type of condenser aerial, claimed to have an overall efficiency of 50 per cent greater than the usual type. Fig. 3 illustrates this aerial. The vertical portions furnish the added capacity. Mr. Berndt also uses a crystal receiver.

We know of a number of instances where copper screening, copper sheet-

Unique Type of Aerial Having Vertical Wires Suspended From the Main Aerials. They Are Held Taut by Small Weights.

ing and standard condenser were used in place of the usual aerial, with exceptional results.

We feel that there is room for much experiment on this type of aerial, and hope that this article may inspire enough interest to perpetuate development.

Some Good Pointers on Installing Sets

A few pointers regarding the installation of the receiving set should prove valuable for everyone who owns a radio set. As a matter of fact one need pay little attention to the installation of the simple sets, for the reason that their simplicity limits their efficiency, so that finer details of installation hardly apply to them. When it comes to elaborate vacuum tube receiving sets, it may be well to give a little thought to the installation for the purpose of obtaining the utmost efficiency.

To begin with the receiving apparatus should be placed so as to permit the shortest possible leads from the receiver where the lead-in enters the room. The lead-in should be short as possible. Sufficient space should be provided between the instruments and the desk or operating table so as to make easy the manipulations of the receiver.

The antenna leading from the lightning switch should pass through an insulator when coming through the wall and the ground wire, which is number 14 rubber-covered copper wire, should be brought in very carefully. With all these in mind we should be able then to check up our weakness elsewhere, should we have the occasion to do so.

LEETONIA

The following Epworth Leaguers of the Methodist church returned to their homes here Monday after a ten days stay at Lakeside, where they attended a convention: Mr. and Mrs. Arthur Switzer, Miss Elma Rauch, Lucile Mortimer Ethel Paisley, Mary Harrington, Arlene Risher, Margaret Smith, Leona Steinmetz, Gladys Clifford, Raymond Bundy, Robert Clifford, Roland Lanpher, Lester Gaver, Arzyle Gregory, Bruce Glatner.

Mr. and Mrs. Orie Aly and baby of Iowa, are guests of Mr. and Mrs. Amor Greenlee.

Miss Grace Kogelmyer is planning to leave this week for Elwood City where she will visit her friend Iva Howell.

Mrs. C. J. Spatholt is entertaining Mrs. Louis Wolf a relative from Pittsburgh this week.

Mrs. Frank Dean and daughter Rose Mary, are enjoying a visit with Mrs. Dean's sister, Miss Elizabeth Brady, Pittsburgh this week.

The Women's Missionary society of St. Paul's Lutheran church will meet Friday afternoon in the parlors of the Sunday school chapel.

Mr. and Mrs. William Kogelmyer attended the funeral of little Albert Kaufman in Salem Monday.

The fine new horse barn built by W. G. Waderson has been completed and his riding horses have been removed to it and are under the care and training of Joseph Whittle who recently came from a large stock farm at Dover, Ohio.

COLUMBIANA

Miss Eva Meek left Tuesday for her home in Montgomery, Ala., after spending five weeks with friends in town.

Miss Linda Snyder of Cleveland, is visiting friends and relatives here. Glen Metz, Bob Marshall and Clyde Flickinger are camping this week at Milton dam.

Dr. Hartford of East Palestine, called in town Tuesday.

Mr. and Mrs. Clarence Esterly and daughter Minetta, of Leetonia, called on the former's parents, Mr. and Mrs. Solomon Esterly, Tuesday.

Master James Hoover of Youngs-

FRIENDS NOTICED IMPROVEMENT

Wonderful Results from Lydia E. Pinkham's Vegetable Compound

Beloit, Wis.—"My female trouble was brought on by overwork. I had worked in stores and had to do heavier work than my strength could stand, and had to be on my feet most of the time. Finally I had to give up this work entirely and stay at home. Doctor's medicine did not give me much relief, and my mother wanted me to take Lydia E. Pinkham's

Vegetable Compound. I took a couple of bottles of it and thought it did not help me as much as it should, so I gave it up to try something else. Nothing I took helped me much, so I finally decided to give the Vegetable Compound another trial and to take enough of it to make sure it would help me. I have taken it over a year now and it has brought wonderful results. I have gained from 93 to 110 pounds and am keeping house now. My friends all notice the change in my health. I will be glad to answer all letters that women write to me about the Vegetable Compound."

—Mrs. W. G. Monson, 1515 Park Ave., Beloit, Wis. Mrs. Monson is willing to write to any woman suffering from such troubles.

sons several times and used as a scene for midnight lunches, dishes and kitchen furniture being left as used. Veterans of Foreign Wars of Lisbon have posted a formal notice that they will prosecute persons who in the future do this.

The club rooms are on the third floor of the Arter block and contain many valuable relics and papers and are completely equipped with furniture and dishes. The marauders have been making free with what they found and no little damage has resulted.

Leg Is Broken

Miss Mary Helman was the victim of a peculiar accident yesterday in her home in Cross st. While descending the stairs a bone in her leg between the knee and ankle snapped. Miss Helman was walking slowly down the stairs when the accident happened.

Plan Manufacture's Exhibit

A movement for a manufacturers' exhibit for Lisbon has been suggested and will possibly be broached before the Kiwanis club today. Eleven different lines of manufactured articles and wares are being made in Lisbon every day and it is proposed that an exhibit of all the articles in the dif-

ferent classes be placed here in an effort to increase interest in Lisbon and to advertise this village as a real manufacturing center.

Atlantic City—Fannie Brice, popular actress, claims that every other part of her body stopped growing at maturity except her nose and that it is getting so long that she could swallow it. She underwent an operation Wednesday to have it altered so as it will not detract from her stage appearance.

CATARRH

Catarrh is a local disease greatly influenced by constitutional conditions. HAL'S CATARRH MEDICINE, consists of an Ointment which gives Quick Relief by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces and assists in ridding your System of Catarrh.
